It's Limp Bizkit, (Bizkit)

This is how we learn, (learn)

You can't talk to me,

Yer not supposed to be,

In my face,

(so get the **** outta my face),

But you insist,

You gotta talk that ****,

You gotta keep that dogass spread,

All up to my face, (face)

I remember when,

You would never lie to a friend,

Cuz you were so high,

You were so shy,

You were so ****ed up any way,

life keeps on ticken,

ticken ticken into the future,

This is how we learn, (lean)

somebody better stop me,

or at least stop this beat,

Before we start gotten outta hand,

And this is how we learn,
And this is how we burn,
somebody better stop me,
or at least stop this beat,
Before we start gotten outta hand,
And this is how we learn,
And this is how we burn,
You can't erase me,
I'm alive as I can be,
in your face,
(so get the **** outta my face),
But you insist,
it's gotta turn out like this,
it's gotta burn out like this,
all up to my face, (face)
I remember how,
you said you want it all and you want it now,
Cuz you were so young,
You were so dum,
you were so ****ed up anyway,
life keeps on ticken,
ticken ticken into the future,
This is how we learn,
somebody better stop me,
or at least stop this beat,

Before we start getten outta hand,
And this is how we learn,
And this is how we burn,
somebody better stop me,
or at least stop this beat,
Before we start getten outta hand,
And this is how we learn,
And this is how we burn,
think about it, (think about it)
think about it, (think about it)
oh my, (oh my)
take it back (take it back)
common, (common
I know you'r feel'n me baby,
I know you'r feel'n me,
freek baby,
freek freek baby,
freek baby,
freek freek baby,
And this is how it should be done,
And this is how it should be done,
Cuz my style is offending to the nun,
