I'm so ... frustrated

Somebody's been making me ...

So sick inside...

Oh, Go with your heart, go with your heart

Yeah, right

You're telling me

I'm just not good enough for you

Let's change, lets be something we're not

And become what everybody else is

Aw, so much builds up inside.

It's fucking ridiculous

I don't know how I should

Freak the fuck out on you

I just sit back and relax

Cuz you want more

You don't have anything

And me

I have everything

Yeah, I have everything What more could I ask for

Nothing at all....

Don't run and hide

Don't you keep it inside no more x2

Don't you run and hide x2

Why does it have to be this way at the end
