"Getcha Groove On Complete"

Visit "[Getcha Groove On Complete](#)" on MotoLyrics.com

xzibit: millenium shit, limp bizkit, x to the z, bringin' it
live to

you and yours, ladies and gentlemen my homeboy yo,
get

at em dog

fd: chorus: you don't wanna fuck with me today

cause a little somethin somethin didn't go ya way

so try not to be like that today

cause i'm a real motherfucker from round the way

and we don't give a fuck when we're rockin the place

we're only givin a fuck if you're invadin the space

so getcha getcha groove on

don't keep us waitin too long

don't you treat me like a toy kid, do you enjoy this

every single second i'm alive i'm a mess

got these laser beam mic checks communicating
through the genelec

high tech keep you on the run now, don't wanna be that
guy

every single second i'm alive i'm alive

don't understand why i got this trunk full of candy

and you're so high bumpin off the sweetness, this is
what you need

another little piece of me inside of you

cause you know that i'll always keep it true

and that's exactly what i do, it's what i do

chorus

xzibit: i got breakneck delivery no time for chivalry

extraordinary ability shit longevity

dig deep in ya soul and find ya self

cuase mind control could turn yall to someone else

so fast ya head will probably spin the fuck right off

me and fred about to go half on microsoft

them live earnin twenty percent those little half-assed
direct hits

ain't even makin a dent what an event, ah hell xzibit
and limp

as we attempt to bring home the championship it's all in
the risk

i'll still lead the league and assist

give me the fifth, i'm drinkin while i'm takin a piss, bitch

chorus

xzibit: i got untapped material, i serial kill shit, give me
that real shit

quick finish em off , quick makin ya jaw split when i'm
touchin the mosh pit

constant conflict knockin faggots unconscious
nauseous

raisin the stakes increasin the weight

got homies that can't lay down and lift the plate

so quit tryin to invade my space

before i call for a face-to-face and got to rest my case

like

fd: this is how we do it, just recognize we keep gettin
right to it

look into these eyes, look into these eyes and you'll see
the size of the flames

then you might despise the size of my game

step the fuck back, xzibit's on the track

you shoulda buckled up before your head hit the dash

you gotta hate that, a demo from a eight-track

brought me to a place where platinum comes in eight
stacks

chorus 3x
