"Hold On"

You keep your distance, I can't deny you

I've got the feeling, can't satisfy you

I've got your picture on the wall

I've got the picture, long gone

You keep your wishes I'll keep my feelings

There goes another one that kept me breathing

I'm waiting for you I know your leaving

I still adore you, you never leave me

Hold on

I found another way to let you go away

Hold on

You found another way to bleed my soul away

The things you told me to hear you speak

I'm burning slowly I'm growing weak

You bring me closer to yesterday

Yesterday's a million miles away

Why can't you hear me?

Why can't I sleep?

And I don't understand what keeps me breathing

I'm waiting for you I know your leaving

I'll still adore you, you'll never need me

Hold on

I found another way to let you go away

Hold on

You found another way to bleed my soul away
