I just read your letter
It says that you'll be gone for a while
Everything was getting better
I guess im just a fool strung out

What to do, life is through
Just wanna kill myself for you

I wonder just how sympathetic you'll be
You come and take me under
And ive forgotten all about me

What to do, my life is through
Just wanna kill myself for you
So tell me why you say goodbye
And tell me why youre fucking up my whole life
Fucking up my whole life

So im on my way
I leave today
If i get away, it'll be okay

Im looking out a window
Into a world thats taken you from me
And im feeling so disgusted
How pathetic can i possibly be

What to do, life is through
Just wanna kill myself for you
So tell me why you say goodbye
And tell me why youre fucking up my whole life
Fucking up my whole life

So im on my way
I leave today
If i get away, it'll be okay

If theres a better place you can take me
A better life u can give me
Whatever place i can start all over
Then i would never need what u gave me

And never need u to save me
And never feel like this life is over
Feel like this life is over

So im on my way
I leave today
If i get away, it'll be okay
