I'm convinced that you hate me

You like to see me cry

Its already a proven fact

And you wait and wait on me to die

Its all scary

I find it hard to confide

I want you to see it my way

You give

I take

You say

You want to be away from me

(Chorus)

You make me

I've got a reason and I want to know

You take me down I've got a reason and I want to know

I'm convinced that you fucked me And your good

You're thin But I wont let her go

I've got my reasons

And I'm not even Away from you

Its time for me to be forgiven

I give my life to you

I lay my life on the line for you

(Chorus)

I got no reason

I got no reason

I got no reason

I got no reason

(Chorus
