So, so you think you can tell
Heaven from hell
Blues skies from pain
Can you tell a green field
From a cold steel rail
A smile from a veil
Do you think you can tell
So, do you think we can change
Everybody that hates
Before it's too late
So proud to be free
But who can we blame
Don't be ashamed
Do you think we can change
How I wish
How I wish you were here
We're one lost soul swimming in a fish bowl
Year after year
Running over the same old ground
What have we found
The same old fears

Wish you were here

We don't need

Need anymore pain

We just need to remain on the very same page

So much to gain

No more losing a friend

We're losing ourselves

We just need your help

So glad your here

So glad your here
