Restless Sinner  
Restless sinner rest in sin  
He's got no face to hold him in  
He fills his days as dark as night  
He's been wait'n with the blind  
Just to find a place to hide his ghost

Unopened eyes no consequence  
The door's been closed since he's walked in  
The fight's been raging so many days  
He'll greet you with a cross and a sickle  
As he helps you in

You fall in waste  
An open fire  
You've got no taste for his desire  
He brings you in to warm your bones  
He's the reason why you came  
And the reason why you ought to go

Fool's gonna fall and raise  
Another fallen child  
Fool's gonna fall and raise  
Another fallen child  
Fool's gonna fall and raise  
Another fallen child

It can't be known  
What lies in wait  
For those of us in crippled states  
A broken mind is no escape  
When there's no one left to reason with  
There's no one left to call your name

Fool's gonna fall and raise  
Another fallen child  
Fool's gonna fall and raise  
Another fallen child  
Fool's gonna fall and raise  
Another fallen child  
Fool's gonna fall and raise

Another fallen child  
Fool's gonna fall and raise  
Another fallen child  
Fool's gonna fall and raise  
Another fallen child
