Want to take a chance  
Want to wait but it burns  
Cut me what you want  
But give me just a little more  
I already know how it's going to feel to let you go

Cough me aside put me out like a cigarette  
But I won't forget I'm not dead I'm not fine  
Feed me lies all of this time spent sitting in my room  
Trying to match with the faceless blood  
Cut me what you want  
But you give me just a little bit more  
I'm running out of words so listen up cause here I go  
I'm not dead I'm not alive

Feed me truth kill my friends  
Unless they do what I say  
I need silence I need addiction  
I need a reason for my sins before I die  
I'm not dead tell me lies

Feed me truth come on baby please  
be true so I put cigarettes in my eyes
