Ice monkey want'a revolution.  
Ice monkey says lets do it.

Ice monkey want'a revolution.  
Ice monkey says lets do it.

This frozen monkey's frozen heart's desire. Authentic  
living born in the flames of structure fire.

Me little monkey stand to testify. Truth crushed to the  
earth will rise again.

Ice monkey want'a revolution.  
Ice monkey says lets do it.

Ice monkey want'a revolution.  
Ice monkey says...

Doing monkey tricks. Make monkey sick. But monkey  
knows the time has come to live in dignity, share  
bananas equally. The organ grinder's days are  
numbered.

Ice monkey want'a revolution.  
Ice monkey says lets do it.
