This is the last time I say goodbye
I've seen the pain screaming in your eyes
You would say you're waiting for the other side

I live my life with someone else aside
Can't go on now without a single fight
Watch as I hide from all this pain inside

I'm bleeding, I'm seething
I'm changing now I'm coming back again
In time we'll fly

I'm bleeding, I'm seething
I'm changing now I'm coming back again
In time we'll be alright

Everything's been lost in the world again
Sacrifices cost us more than we can mend
You have been the stone that falls and never lands

I have failed you more than you can understand
Empty hearts have thrown these lies into your head
They are losses and start secrets left unsaid

I'm bleeding, I'm seething
I'm changing now I'm coming back again
In time we'll fly

I'm bleeding, I'm seething
I'm changing now I'm coming back again
In time we'll be alright

All this time I try to find my way
Well in this life I see you are mine

I'm bleeding, I'm seething
I'm changing now I'm coming back again
In time we'll fly

I'm bleeding, I'm seething
I'm changing now I'm coming back again

In time we'll be alright

I'm bleeding, I'm seething
I'm changing now I'm coming back again
In time we'll be alright
