"Hold On"

Visit "[Hold On](#)" on MotoLyrics.com

Within the lines, living a lie
Finding there's more than what we know
Maybe I'm blind or wasting my time
This is a heart you can't ignore

Open your eyes and see more
I can be everything or
Nothing to you just
Don't let it pass
Please take a chance

Hold on, be strong
Let all your faith remain

Trying to hide, what can you find
What is a moment when you're alone
Forget your pride, what good's a laugh
Without a love to call your own

Come on let's,
Don't let it pass
Please take a chance

Hold on, be strong
Let all your faith remain
Hold on, be strong
Let all your faith remain

It's all the time that it takes
And all the ties that we break
Let all your faith remain

Just hold on, and be strong
Let all your faith remain
Hold on, and be strong
Let all your faith remain
