Captivated by all that I'm needing here tonight, it's you
Temporary moments I've waited all my life, it's due
Can't believe I'm always running away to you
It made me feel like I'm worthless inside but now I'm
fine with you

I'm finally breathing, finally seeing
I'm always on the run, but now I'm here
Finding a meaning behind all my dreaming
I'm always on the run, but now I'm here

Wake in moments enshrouded by all that I need in life
to do
You wait in midst of the only mistake I keep inside, I
love you
It always seems that I'm running away from you, it's
true
I couldn't handle the weight of your love but now I'm
fine with you

I'm finally breathing, finally seeing
I'm always on the run, but now I'm here
Finding a meaning behind all my dreaming
I'm always on the run, but now I'm here

I've finally found the reason
This time I won't be leavin' (no no no no)
I had to chase some demons
To finally tell what I love

I'm finally breathing, finally seeing
I'm always on the run, but now I'm here
Finding a meaning behind all my dreaming
I'm always on the run, but now I'm here

Now I'm here
Now I'm here

Now I'm here
