

Seventh Day Slumber "Lockdown"

Visit "[Lockdown](#)" on MotoLyrics.com

You left her lonely
She said, "Can you hold me?"
You said you'd be right back
I guess that you found that

Better that you left her
Right when you met her
Dreams are forever
Now it seems that you'll never

Know her at all

Lock down in a small town with this girl
Said she's been waiting
Lock down in a small town with this girl
Said she's been waiting

You seem to be flagrant
But I know you're fakin'
How could you not care
For the sweet smell of her hair

Hard sin to follow
Lead her tomorrow
She smiles in the morning
But I know she's torn inside

Alone

Lock down in a small town with this girl
Said she's been waiting
Lock down in a small town with this girl
Said she's been waiting
For love
Said she's been waiting
For love

See you there

See you there, see you there
See you there, see you there

Lock down in a small town with this girl
Said she's been waiting
Lock down in a small town with this girl
Said she's been waiting
For love
Said she's been waiting
For love

Lock down in a small town with this girl
Said she's been waiting
Lock down in a small town with this girl
Said she's been waiting
For love
Said she's been waiting
For love

See you there
