"One To Fall"

The secrets that I kept from you
Are showing in the way you move
You tell them that there's nothing wrong
But I'm the one who noticed
I don't pretend that I don't mind
Believe me girl you said enough
'Cause I won't no I won't

Will I be the one to fall
Staring down you look in awe
Will I be the one to walk away again

It's reasons that I'm giving you
'Cause I know all the things to do
You feel it and it's growing strong
But I'm the one who noticed
I don't pretend that I don't lie
Believe me girl I get it done
But I don't know I don't

Will I be the one to fall
Staring down you look in awe
Will I be the one to walk away again
I've broken vessels but not the heart yet
Will I be the one to fall

This open letter's a way to start it
It makes me forget the same (the same)
Up and down the reason's falling
All I've found I hear you calling
Will I be the one to take it
Or just walk away and fake it

Will I be the one to fall
Will I be the one to...
I've broken vessels but not the heart yet
Will I be the one to fall

Will I be the one to fall
Staring down you look in awe
Will I be the one to walk away again

I've broken vessels but not the heart yet
Will I be, will I be...
