Open my eyes
My life is scattered on the floor
I walked away from you so long
That I could not hear your voice

Oh, my tears that I cried
I left them laying on your heart
And now I'm here with you again
Can we pick up from the start?

All I have and all I need
Is everything You gave to me
I bitter way so now I'm picking up
The pieces once again

I'm falling to my knees
That is where I saw Your hand
I've been here way too many times
I can't believe You'd take me back

And all the tears that I've cried
Never touched the ground and
Now I'm here with what is left
Will You build me up again?

All I have and all I need
Is everything You gave to me
I bitter way so now I'm picking up
The pieces once again

All I have and all I need
Is everything You gave to me
I bitter way so now I'm picking up
The pieces once again
