Well I see the winds have changed now  
Why'd they have to change today  
My eyes are drowning in this sea of pain  
The world is closing in on me

I'm slowly sinking in my insides  
A float is sinking inside me  
My eyes are cold, black, and empty  
Can anybody set me free?

Oh, I need something  
I need something more, I need you  
Oh, I need something  
I need something more, I need you

Passion is the only friend I have  
It's better lying to me  
My eyes are blurring as I fight to stay alive  
Bound and broken on my knees

Oh, I need something  
I need something more, I need you  
Oh, I need something  
I need something more, I need you

Why would we live? Let the healing begin  
Why would we live? I'm suffering, I'm suffering  
Why would we live? Let the healing begin  
Why would we live? I'm suffering, I'm suffering

Oh, I need something  
I need something more, I need you  
Oh, I need something  
I need something more, I need you
