How come when you're alive
Some say you're living a lie
It seems the harder I try
They want me suffering

They live day after day
Wishing that they could be me
So sad the game that they play
Is really suffering

Coming along I know we are
Standing alone today

So bring me to safety, 'cause I
Might be the maybe
You wanted to hate me, but there's
Something more

So now, what have we found
I get the feeling it's now
We'll find inside and out
We're all just suffering

Take life into your hands
You'll get the feeling again
Dig deep, deeper than skin
To cure the suffering

Coming along I know we are
Standing alone today

So bring me to safety, 'cause I
Might be the maybe
You wanted to hate me, but there's
Something more
Help me from under where I
Might be discovered
I wanted a lover, but there's
Something more

Break a window, and close your eyes

Break a window, and we'll be fine

So bring me to safety, 'cause I
Might be the maybe
You wanted to hate me, but there's
Something more
Help me from under where I
Might be discovered
I wanted a lover, but there's
Something more
There's something more
