Im Trying to remember
when your presence fell like rain.
These hollow things that replaced you
Lord i need them back again.

(CHORUS)

Take me where I should be
cuz I dont belong here I know
without you there's no hope for me
Im undone make me whole...

There's still burning emburs
of a life that you restored.
Jesus you embraced me
when the world had closed the doors

(CHORUS)

Take me where I should be
cuz I dont belong here I know
without you there's no hope for me

Im undone make me whole...

make me whole, Make me whole
cuz I dont belong here I know
make me whole, make me whole
Im undone Im undone

Im trying to remember
when your presence fell like rain...

(CHORUS)

Take me where I should be
cuz I dont belong here I know
without you there's no hope for me
Im undone make me whole...

(CHORUS)

Take me where I should be
cuz I dont belong here I know
without you there's no way Id be free
Im undone make me whole...
