Staring out my window, I can't see
Why I feel alone when you're standing next to me

I carry on but know that I just need
Something more to carry on
The lead, you wanted to be, but

You're not the one
You fooled everyone
I planned my life around you, but
You're not the one

Way too long I'm feeling too weak
To make the point I know that's fallen in between

And I can't feel your heart now, I can't breathe
All the ways I'm finding all
That we, wanted to be, yeah yeah, but

You're not the one
You fooled everyone
I planned my life around you
You said, "I love you", said, "I love you"
But you're not the one
You fooled everyone
I planned my life around you, but
You're not the one

No 'cause you're not the one
You fooled everyone
I planned my life around you
You said, "I love you", said, "I love you"
But you're not the one
You fooled everyone
I planned my life around you, but

You're not the one
You're not the one
You're not the one, no

You're not the one
