I don't care what they say you're all just in my way
We all live a lie
I don't care what you say
I say it to your head
Your head looks around
You fall to the floor
I see you self performing

I can't deal with it
See you in the arms of another man
What did I ever do to you
The days are fading

Don't follow me
Don't speak my name
Forget the past and all we had
Don't follow me
Don't speak my name
Forget the past and all we had

Well I don't care what they say
Your all just in my way
We live a lie
I don't care what you say
I say it to your head
Your head looks around
You fall to the floor
I see you self performing

I can't deal with it
See you in the arms of another man
What did I ever do to you
The days are fading
Don't follow me
Don't speak my name
Forget the past and all we had
Don't follow me
Don't speak my name
Forget the past and all we had
Guitar Solo

I can't deal with it

See you in the arms of another man
What did I ever do to you
The days are fading

I can't deal with it
See you in the arms of another man
What did I ever do to you
The days are fading

Don't follow me
Don't speak my name
Forget the past and all we had
Don't follow me
Don't speak my name
Forget the past and all we had
