Why won't you tell me
Nothing you do can offend me
All you is reject me
Not sure how to hold this together again
Try to look in my eyes
See me hypnotised
I tried to talk to you
Even if it's in my head

Try to find my place again
Have a beautiful day
Now that your here in my arms
Now everything will be alright
What a beautiful day
Now that your here in my arms
Now everything will be alright

Time keeps flying
Life keeps on changing
Seasons keep on moving
I find myself alone here without you
Try to look in my eyes
See how it hurts inside
I tried to talk to you
Even if it's in my head

Try to find my place again
Have a beautiful day
Now that your here in my arms
Now everything will be alright
What a beautiful day
Now that your here in my arms
Now everything will be alright alright

Have a beautiful day
Now that your here in my arms
Now everything will be alright
What a beautiful day
Now that your here in my arms
Now everything will be alright alright

Now that your here in my arms

Now everything will be alright alright
Alright
