I'm the one that was there for you
When you cut yourself and started to bleed
And I'm the one that you counted on for all the favors
you asked of me
I'm the one that would dry your tears
Every time you'd come crying to me

But ever since the day you blew me off
Everything you said
Is a lie, everything is a lie
Don't you lie to me...
Don't you lie to me...

Sick of the games that you played on me
So I walk alone and suffer in need
And I'm the one that I counted on for all the favors that
I ask of me
You're the one that will cry the tears
When you see what you've created of me

But ever since the day you blew me off
Everything you said
Is a lie, everything is a lie
Don't you lie to me...
Don't you lie to me...

But ever since the day you blew me off
Everything you said

But ever since the day you blew me off
Everything you said

Is a lie, everything is a lie
Don't you lie to me...
Don't you lie to me...

Is a lie, everything is a lie
Don't you lie to me...
Don't you lie to me...

But ever since the day you blew me off
Everything you said
