And if you ever told me that it would ever be
As hard as this
I think I would have said to go to hell and
Take it all with you
Now that I am here

I don't really care about anything that you
Play on me
So take all your guilt and play with someone else's
mind
I cannot tolerate you

I love to hate you
And I love the way you hate me
So take yourself and go
I cannot take it, I cannot take it
I cannot tolerate you

Man, if I ever see this place again
I really wouldn't care
I should've said to go to hell and take it all with you
Now that I am here

I don't really care about anything that you
Play on me
So take all your guilt and play with someone else's
mind
I cannot tolerate you
I love to hate you
And I love the way you hate me
So take yourself and go
I cannot take it, I cannot take it
I cannot tolerate you

Sometimes I feel like just giving it all up
I have no idea what's been holding me up
So far from all of the things
I always wanted the most
I hope you choke now sucker
I'm the top of the show

I love to hate you

And I love the way you hate me
So take yourself and go
I cannot take it,I cannot take it
I cannot tolerate you
