It's been six days since your last hello  
Empty space here - that's your pillow  
It's a black night and the moon is yellow  
Keep that shade high and the music mellow  
Julianna I want you now  
You are the woman who showed me how to be a man  
and make up my mind  
Julianna I'm wasting time  
Julianna why won't you believe? I'll be the lover you  
want me to be  
You are the moon and the sun and the sea  
Julianna don't set me free  
I've been crazy, hang this head low  
Touch my heart there, feels like brillo  
Think I don't care, except for my, well, you know  
Shine your light on this weeping willow  
Chorus
