"Moose Song"

Visit "[Moose Song](#)" on MotoLyrics.com

I have seen, babe I haven't heard.
Did someone put you down.
Was your lover just another scheme
That never did work out?

Chorus:

When it hurts, when it hurts inside.
Why can't you see it's only you he's thinking of.
Who ever told you it was your right to be alive?
If your heart is breaking, you're just lucky to be in love.

You keep claiming that you paid too high a price.
You want something for your own.
So worried about the change he puts in to your pocket.
You can't see that he's dead and gone.

Chorus

Babe get into your car. And turn and turn
And turn around.
Yeah the road it ain't inside you.
You need some help to get you there.

Chorus
