everywhere  
i have been  
i have seen  
the same things  
lots of things  
every sound  
i have heard  
every word  
every word  
every word  
i have heard.  
tell tale heart  
can you say?  
show the way  
will say?  
show the way.  
whisper life  
and spring  
into being  
everything  
you have seen  
everything  
you have seen

everywhere  
i have been  
i have seen  
the same things  
the same things  
many things  
i have seen  
everything  
many things  
pretty things  
you must sing  
into being  
everything
