"fire song"

Visit "[fire song](#)" on MotoLyrics.com

there was a fire and i could not hide
there was a fire so i jumped inside
i got lost inside you
and now i'm lost inside you

and all of the love that i have inside
just look in my eyes they're open wide
and i'm lost inside you
i'm so lost inside you
i'm lost

all of this love that i have inside
just look in my eyes i can not hide
that i'm lost inside you
i'm so lost inside you

repeat

i'm lost
lost inside you
i'm lost
inside you
you
you
you
