i use to love her
i use to lover her more than anybody else but you.
and i believe i know
now that i let her go and do whatever she would do.
what's a stupid boy supposed to do?
what's a stupid girl supposed to do?
yeah i believe i know,
you better let her go where ever she is headed to.
you'll never even know
you'll never see your going to need your heart fixxed
when she's through,
what's a stupid girl supposed to do?
what's a stupid boy supposed to do?
