the kids today, they got nothing to say  
they got nothing to say, because they taught 'em  
that way  
they wanna watch 'em grow old  
put them in their graves 'till they're gone  
they mess with their hearts and they mess with  
their minds  
and they plug up their ears and then they make 'em  
go blind  
till they're walking the street and they can't tell what  
time it is  
you see them standing in line  
you watch them going insane  
because they're wasting their time  
While they're waiting in vain  
This is the way it should be  
you were born to be free  
so why you wasting away?  
why you wasting away?  
teachers today they got nothing to say  
they got nothing to say because they taught 'em  
that way  
they only do what they're told so they can get their pay  
and go home  
they walk down the streets with their hearts in  
their hands  
And they grow up too fast and then they can't  
understand what it's like to be a woman or maybe a  
man
