(Chorus 1)

I'll be here to wipe your cries away and if you moved on and let go, just let me know, because I'll be there to comfort you.

If you want someone who will appreciate you, just let me know, because I'll always love you and can I be the passenger on your plane of love. Oh! I just want to be yours.

(Post chorus 1)

My love is cold as ice, melting away without you.

My love is hot as the sun, waiting for you to come.

(Verse 1)

Love is coming and going that's how it is, oh! Baby all I want is you, because if it starts developing for you, you will know sooner or later that you're the intention of my attraction. The only love I have for you is in my soul and it is written through these lovely thoughts that are pouring out of my mind and nothing can't compare to what I feel for you, because your one of a kind.

Yeah! Since you're playing the game of hard to claim, I am confident that I can make you mine, but if we are ever destined to be together, I want to know, if you will love me

(Whoa! Baby will I be yours)

I am going crazy for you, can you wonder why, who will make the first move me or you, I am not going to lie, your fascinating and thank you for motivating me to become something positive.

If I asked you, can I be yours, I'm not afraid of becoming the rejected, because I am not trying to

waste your time, I just want you to see what it is like in my situation, but if you are single and ready to mingle, can I be your love.

(Whoa! Baby will I be yours)

(Chorus 2)

I'll be here to wipe your cries away and if you moved on and let go, just let me know, because I'll be there to comfort you.

If you want someone who will appreciate you, just let me know, because I'll always love you and can I be the passenger on your plane of love. Oh! I just want to be yours.

(Post chorus 2)

My love is cold as ice, melting away without you.

My love is hot as the sun, waiting for you to come.

(Verse 2)

I've been searching and I am not giving up, my love is ticking for you like a bomb and I got nothing to say, because it's making my heart beat for you. You're my fantasy that I want to become real and can you see that you're the destiny that I am reaching for.

Love is on my mind and I am trying my hardest to find it, because when I express it to you, I am not trying to stunt you sweetheart, I'm just being upfront with you. But if it's meant to be, I'll let you come to me and I'll never leave, I will give you all my love forever.

(Love is a possession that stays with you and never leaves, unless you give it away for someone to break!)

When I see you, I'm lost in love and you got to realize it, because since you stole my heart with understanding, I finally see myself with someone like you. I admit it, I am really in love with you, I can't hide it, I kept it inside for too long and it's time for you to know the truth.

My love is soaring around you, and please don't deny it, just give us a chance and let's see how far we can go, there's no one else I rather be with but you, because your my soon to be everything within these miles.

(Love is a possession that stays with you and never leaves, unless you give it away for someone to break!)

(Chorus 3)

I'll be here to wipe your cries away and if you moved on and let go, just let me know, because I'll be there to comfort you.

If you want someone who will appreciate you, just let me know, because I'll always love you and can I be the passenger on your plane of love. Oh! I just want to be yours.

(Post chorus 3)

My love is cold as ice, melting away without you.

My love is hot as the sun, waiting for you to come.
