I thought you really loved me
That's what you said and it surprised me when I found
out that it wasn't so
Well I'm just another number
It wasn't worth a dime to call me and tell me, let me in
on the news

You walked out (I feel numb)
You walked out (I looked dumb)
You walked out so don't come back no more

I talked to love eternal
And then I turned my back to find you burned me,
burned me, traded me for someone new
I couldn't get too angry, I only felt frustration
I'm allergic to an unconditioned response

You walked out (I feel numb)
You walked out (I looked dumb)
You walked out so don't come back no more

I felt your feelings start to please me
And I felt your arms begin to squeeze me
You told me you'd never release me
I guess you made that up to freeze me

You walked out (I feel numb)
You walked out (I looked dumb)
You walked out so don't come back no more

You walked out (I feel numb)
You walked out (I looked dumb)
You walked out so don't come back no more
