It's a revelation, a moment of clarity,  
and I am trapped inside this moment deadlines are left  
to die

And I guess I am truly free.

My brain was spent I worried as I fell in knee deep  
where consequences and circumstances suffocated  
and I could barely breathe.

And by all means, this rain should be bringing me  
down.

Seattle is keeping me in tune with just right now  
and a song that tends to be so oddly timed.

The city is cold and miserable but I am not.

All we are is all we've started. All could be gone.

SO LET'S BEGIN!

I often wonder if I'll ever finish all I've started, and the  
answer I have found is NO.

No, I will never finish all that I have started because life  
is about doing, the process

And not the result. Life is about doing whether you want  
to or not.

MY LIFE!: A constant work in progress and I wouldn't  
have it any other way.

Take a look back. Is that what you wanted?

Chances are that it's not what was intended to be,  
because it's gonna be better than everything.

Everything, you will see, comes together in it's own  
ironic kind of way, so live in just today.

In my eyes I hold a vision in contradiction of what once  
existed.
