These clouds i breathe don't come from the sky  
they fill my lungs so i can get high.  
would you believe me if i said i was fine?  
would you deceive me if i was blind?  
to my mistakes dear, im outraged  
you admit to me that i need to change  
and i can't live my life this way,  
it's the same shit,  
a different day.

Holding on to my life by a thread,  
and if i take another hit i'll surely be dead.  
and i keep tripping and flying  
and i can't help but think that my eyes are lying.  
go ahead and set me free  
i will be happy only temporary.  
and i can't believe this anymore,  
i can fly, there's no need for the door.

These words you speak don't come from your heart,  
they were said to see me get torn apart.  
would you believe me if i said i was hurt?  
would you help me if i was down in the dirt?  
you're the one that i can trust,  
you're the only one that i love.

Holding on to my life by a thread,  
and if i take another hit i'll surely be dead.  
and i keep tripping and flying  
and i can't help but think that my eyes are lying.  
go ahead and set me free  
i will be happy only temporary.  
and i can't believe this anymore,  
i can fly, there's no need for the door.

I've lost family,  
i've lost friends,  
it's not worth it in the end. [x2]

Holding on to my life by a thread,  
and if i take another hit i'll surely be dead.

and i keep tripping and flying  
and i can't help but think that my eyes are lying.  
go ahead and set me free  
i will be happy only temporary.  
and i can't believe this anymore,  
i can fly, there's no need for the door.
