I put on my white dancing shoes,
I know that I'm a handsome dude,
But you are more than beautiful, yeah
So why is it that I deserve,
A women flyer than a bird,
So automatic is unheard of,
(It's automatic)

The way you move your body babe,
It drives me wild,
(It's automatic)
I love the way your looking babe,
You're just my style,
(It's automatic)
Sexy, and you don't even know it babe,
You gotta know it babe,
(It's automatic)
Like what you do, the way you're doing me

(You know we in the place to be, come now and shake
with me) x2

So now we're dancing on the floor,
With all these pledges keeping score,
But I'm just trying to dig your soul, slow
I think you like that inner man,
So now you're doing what you can,
To keep a brother holding on,
(It's automatic)

The way you move your body babe,
It drives me wild,
(It's automatic)
I love the way your looking babe,
You're just my style,
(It's automatic)
Sexy, and you don't even know it babe,
You gotta know it babe,
(It's automatic)
Like what you do, the way you're doing me

(I wanna get down, get funky babe, keep on doing what
you're doing what you do)

(It's automatic)
The way you move your body babe,
It drives me wild,
(It's automatic)
I love the way your looking babe,
You're just my style,
(It's automatic)
Sexy, and you don't even know it babe,
You gotta know it babe,
(It's automatic)
Like what you do, the way you're doing me

(You know we in the place to be, come now and shake
with me) x2
