Music: Dexter Kozen, Lyrics: Bill Coates

Smile and watch her scream, you could be a thousand
places
Safe inside a dream, you can wear a thousand faces
Light the fuse and run, broken bodies in your sleep that
Vanish in the sun, still the flame you bury deep is
Burning like a star, burning like a star, burning like a
star
And someone said they saw a car on fire

Are you just like me, do you hide the fire inside you
When you turn the key, do your engines override you
Never take the blame, living life so far above but
When you see the flame, can you tell me that it's love
that
Makes you stop and stare, makes you stop and stare,
makes you stop and stare
So surprised to see me there on fire

Singing
(We don't care) Cause life's a bore
(We don't care) If you get yours
(We don't care) Much who you are
We just wanna watch your car on fire

{Guitar}

Do you still deny, nothing drives you like disaster
When you close your eyes, hear your heart it's pumping
faster
Standing in the crowd, you'll be on T.V. tomorrow
Genie in a cloud, do you wish to stop the sorrow
Don't you wish you knew, don't you wish you knew,
don't you wish you knew
Feel the answer burning through like fire

Singing
(We don't care) Cause life's a bore
(We don't care) If you get yours
(We don't care) Much who you are

We just wanna watch your car
(We don't care) Cause life's a bore
(We don't care) If you get yours
(We don't care) Much who you are
We just wanna watch your car on fire
