[Intro - B2K] + (Fabolous)

Yea, yea, yea

(It's B2K) It's B2K ya'll

Welcome ladies and gentlemen (Uh-huh, uh)

Yes, to the You Got Served Soundtrack (Street Family)

Yea, we about to do this

You know how we get down

Oh Yea, you know dat

Come on, Omarion hit 'em wit it

[Verse 1 - Omarion]

Like whoa, you know

Girl you're the star of my show

In this club, poppin bub

The way you shakin deservin some dubs

Turn around, make it bounce

Shake it like you come from out of town

What's yo name, what's yo sign

Girl you leavin with me tonight

[Chorus - B2K]

Mami shake it like you care for me

You know I like it when you do that little dance for me

Mami I'm just tryna get you in my room

And see that big bada-bing go bada-boom

Mami shake it like you care for me

You know I like it when you do that little dance for me

Mami I'm just tryna get you in my room

And see that big bada-bing go bada-boom

[Verse 2 - Omarion]

This one, I seen

Couldn't believe the ass in them jeans

To myself, had to think

Any room for me up in them jeans

Ghetto star, you are

Eat you up like a chocolate bar

What's yo name, what's yo sign?

Damn you got me weeping inside

[Chorus]

[Verse 3 - Fabolous]

I wanna see ya bada-bing go bada-boom
And my house got a wing, with a lotta rooms
I can do a lotta things, get you hot as June
I wanna watch ya body swing, to the hottest grooves
I'm tryna slide behind it, when you throw it 'round
So I can ride and grind it, when you slow it down
Bring it from the top, then take it to the bottom
I'm clingin to ya top, tryna make it to ya oh
The way you move is fab-o-losa
It makes me wanna grab you ciosa
You know I like it when ya (Bounce! Bounce!)
Throw ya hands up and ya (Bounce! Bounce!)
I don't back down, when I'm pressin ya
I'm finna "Lay the smack down" like the wrestler
But nobody get it to poppin like this man can
Have them girls, get it to poppin on a handstand,
ghetto

[Chorus x2.5]
