Yeah I hope you're happy  
finally got a song about you  
But now I'm gone baby and there's nothing you can do  
You're outta sight you're outta mind  
And I ain't got no time

No time for hookers  
I'm looking for a righteous girl  
No time for hookers  
I'm looking for a righteous girl  
No time for hookers  
I'm looking for a righteous girl

Oh damn  
I see the same girl like every single week  
Something in between 5'2" and 6'3"  
Fine little thing just strutting down the street  
Like there go breeze  
Texting her friend like omg  
Girl I heart shopping tease a man with money  
Now we're heart stopping  
Dolce and Gobana heart throbbin'  
She fucked him in to lee talking bout we meant to be  
Cuz I'm a show stopper and she's a pro shopper  
Sees a little gold and then she goes copper  
But she bad she bad she know she bad  
From the shoes to the bags  
She only like me cuz I rap  
But she the type of girl that  
with no cash would probably go away  
So if I cheat It'd probably be okay  
Cuz she ain't even like me but she loving that BFA  
And if we breaking up she fucking DFK  
okay

yeah yeah girl you bad  
You got that, that ass  
But I really need something that come off on class  
I'm talking righteous girl  
Straight down to the root  
Like is she digging me or just the songs I do?

And see it happen like that  
The groupies all on my johns  
I never knew I'd get blown off making some songs  
My momma tell me to chill  
That this shit ain't real  
And I can only trust a chick that I can actually feel  
So cut the bullshit ma  
is them breasts real?  
I got trust issues  
I need Dr. Phil  
I'm looking for a girl to calm a while  
Or maybe she could bring my head down from the  
clouds  
But when that girl comes knocking  
Them boys start flockin'  
And frankly I come up hear the end of her options  
It's nothing to me  
See I don't play that game  
I'm looking for the good girls  
Finding the same damn thing
