We go front, back and around the globe
Put your hands in the air if you're ready to roll
Ay, Ay, Ay, Ay, Ay, Ay, Ay, Ay
We go front, back and around the globe
Put your hands in the air if you're ready to roll
Ay, Ay, Ay, Ay, Ay, Ay, Ay, Ay

Look, we get live yeah we at it again
Bring your crew from the back as we peepin' your
friends
So it's no mistake we should all get laid
Gotta get something outta this
We ain't gettin' paid
Bring me a glass need something to sip
Corona, glass, classy shit
Something that'll represent the kind of life I live
I'm floating all up on my own I don't need no ship
To get the champagne popped
Girl's don't stop
Put your hands in the air like it's old school rock
Getting it in for the 20 to 10
I got you feeling straight lit like the city of sin
And out of control
You don't wanna roll
Please don't say no before the night get cold
Oh you can't roll I dont mean t'be rude
But why you think big Fader be the name of the crew

We go front, back and around the globe
Put your hands in the air if you're ready to roll
Ay, Ay, Ay, Ay, Ay, Ay, Ay, Ay
We go front, back and around the globe
Put your hands in the air if you're ready to roll
Ay, Ay, Ay, Ay, Ay, Ay, Ay, Ay

Look I'm not a role model barkley
Most of these girls think they had me, hardley
Think they had me from the high
Really when they had me I was high, Marley
Shit, so leave me alone when I'm rocking a show
Doing everything my momma just wouldn't condone

Sipping on cups til I get cuffed Kobe
Rock star life style Jon Bon Jovi
Breaking curfew
Smell like weed and perfume
For now I don't think just drink
No shirt I crowd surf
All up on the wave like I'm sitting front row with the
game
Living life so fast
I can fucking feel the draft
Like my name's Taylor Mays
Life's so insane I must have lost my mind
Sorry that I'm late I must have lost the time
Shit never mind that
Where's my mind at
Cute little thing and I'm tryna get behind that
Cuz I just wanna rock with you
Laid back take it straight to the top with you

We go front, back and around the globe
Put your hands in the air if you're ready to roll
Ay, Ay, Ay, Ay, Ay, Ay, Ay, Ay
We go front, back and around the globe
Put your hands in the air if you're ready to roll
Ay, Ay, Ay, Ay, Ay, Ay, Ay, Ay

We go front
And back
And front
And back
And front and back
And side to side
