Where can I run to  
Where can I hide out  
I need a place where there's no-one else I  
I'm looking left I  
I'm looking right I  
But everywhere I go  
it seems a place where I don't have to fight but  
And everyone I know  
wants a little bit a little piece

#### CHORUS

Built myself a starship  
A ship that'll help me get away  
And when I've built my starship  
I'll sail into a brighter day

#### REPEAT

Till then I'll stay here  
in this cool cruel world

And now I've made my  
I made my plans I  
I've stopped relyin on another man I  
I know it'll work out, it can work out  
All I need is just one more chance I  
I don't need wings if I want to fly  
I'm gonna use the wind I  
I'll use the wind it will take me high  
And I know what a starship is
