It took you everything you had, Yet you won't slow down. And now they kick you in the face, Yet you won't slow down. You finally made it out to Hollywood. It's not exactly what you thought it was. You finally made it out to Hollywood. Your obsession to be the next big thing. Another product of the day And you won't slow down. On to bigger better things, Yet you won't slow down. You finally made it out to Hollywood.

It's not exactly what you thought it was. You finally made it out to Hollywood. Your obsession to be the next big thing. You're on your own. A complete unknown. You're on your own. A complete unknown. You finally made it out to Hollywood. It's not exactly what you thought it was. You finally made it out to Hollywood. Your obsession to be the next big thing
