Dun'cha... dun'cha...

Don't wanna think about you,
Don't wanna go back in time,
Don't wanna remember what exactly happen in my life,

But I don't have a choice,
It intempted in my mind,
It like u haunted me, baby...

And I guess get the memories,
When I woke up and look up u next to me,
Even I fall asleep and I could only see u in the dream,

And every morning when the sun comes up,
Everyday I get remember,
It like u haunted me, Baby...

I'm buddying your ghost,
Cause everywhere I can see your shadow,
In window body, he's just made of round in your club,
I got your fingerprints all over my skins,
Don't you know?

Since you let me alone,
I just can buddying your ghost,
You got me buddying your ghost,
It's like I'm buddying your ghost,
Baby, you hunting me,
Baby, you hunting me,

No I don't scare too easy,
Don't mind it dark at all,
But now I'm so fragile,
You don't have to wait I called,
I feel you all around me,
But you not come back,

It's like you hunting me, baby...
And I guess get the memories,
When I woke up and look up you next to me,
Even I fall asleep know I could only see you in the

dream,

And every morning when the sun comes up,
Everyday I get remember,
It like u haunted me, Baby...
I'm buddying your ghost,

Cause everywhere I can see your shadow,
In window body, he's just made of round in your club,
I got your fingerprints all over my skins,
Don't you know?

Since you let me alone,
I just can buddying your ghost,
You got me buddying your ghost,
It's like I'm buddying your ghost,
Baby, you hunting me,
Baby, you hunting me,

I can't take it,
I can't take this pain no more,
Without u baby,
No no wanna be apart,
I can make it,
I can make you come back home,

Now you just haunted me,
Uhh... no I can make it,
I can make it, I know,
But, I can't make it salvage,
It's look around, it already apart,
And I can't make you,
I can't make you come back home,
No no will not let you go... ,

I'm buddying your ghost,
Cause everywhere I can see your shadow,
In window body, he's just made of round in your club,
I got your fingerprints all over my skins,
Don't you know?

Since you let me alone,
I just can buddying your ghost,
You got me buddying your ghost,
It's like I'm buddying your ghost,
Baby, you hunting me,
Baby, you hunting me, (4x)
