I hear your voice, am I dreaming?
I see your face and I reach out
The vision dissolves then it just fades away
Drowning alone in my own thoughts
Calm of the storm there is silence
Empty and lost I put a smile on each day

And I breathe this air like I'm alive
But without you here
My heart is frozen inside
And I'd run to you if I knew how
I'd fall into your arms
Never let you go
I wouldn't have to
Remember to breathe

I put on this dress and some makeup
But it can't hide what I'm feelin
Work through the pain it's the only way
Once I was weak, getting stronger
Every thing's changed, I'm so lonely
Gotta get up wipe a thousand tears away

And I breathe this air like I'm alive
But without you here
My heart is frozen inside
And I'd run to you if I knew how
I'd fall into your arms
Never let you go
I wouldn't have to
Remember to breathe

Step by step I climb this mountain of mine
I slip back, but everybody has to fall sometimes
Reaching out I almost touch the sky
It's the best I can do to try

And I breathe this air like I'm alive
But without you here
My heart is frozen inside
And I'd run to you if I knew how

I'd fall into your arms
Never let you go
I wouldn't have to
Remember to breathe
