Hey how you doing, the sun's come up  
And the sun's gone down again  
It's me and you and a couple of our most peculiar  
friends  
And you are saying  
Love is such a strange and funny thing  
So keep on dancing now,  
I know you know how

Oh~ Love is such a beautiful thing  
(Oh~ Love, love is such a beautiful thing)  
Oh~ Love, love is such a beautiful thing,  
It always makes me sing  
Love is such a beautiful thing,  
And it always makes me sing

Hey hey, how you doing, the sun's come up,  
And the sun's gone down again  
And you are thinking I'm so glad there are things I  
don't understand  
Like all this dreaming about a strange and funny,  
Slightly familiar thing  
So keep on dancing now, I know you know how

Oh~ Love is such a beautiful thing  
(Oh~ Love, love is such a beautiful thing)  
Oh~ Love, love is such a beautiful thing,  
It always makes me sing  
Love is such a beautiful thing,  
Oh~ Love, and it always makes me sing
