Gather around, hear that lovely sound  
So many folks come from all around  
It sounds like music coming around the bend  
Feels like I'm one step closer to meet my Maker again  
[x2]

Well here I am, just an ordinary man  
I hold on tight to whatever's in my hand  
I'll tell you slowly, so you might understand  
Feels like I'm one step closer to meet my Maker again  
[x2]

Well I'm one step closer to meet my Maker again  
And it's gonna be a lot of fun  
I'll keep on going 'til I'm gone  
This crazy world, it turns me on and on and on

So check it out, what it's all about  
It makes me sing, it makes me twist and shout  
It takes control of the heart of every man  
Feels like I'm one step closer to meet my Maker again  
[x2]

And here I go, I let the music flow  
It picks me up every time I'm feeling low  
And I don't mind if we're getting near the end  
Feels like I'm one step closer to meet my Maker again  
[x2]

Well I'm one step closer to meet my Maker again  
And it's gonna be a lot of fun  
I'll keep on going 'til I'm gone  
This crazy world, it turns me on and on and on
