(Sunshine all over) The sun is shining, yeah
We are heading for the soul of a good thing, the soul
of a good thing

(Sunshine all over) The sun is shining, hmm

Oh, and love is the reason why I stay up all night
Why I'm high as a kite on the breeze
The Indy 500 in a car with no brakes
That is all that it takes to be free, free, free, free, free,
free

(Sunshine all over) The sun is shining, oh yeah
We are heading for the core of a good thing, the core
of a good thing

(Sunshine all over) The sun is shining, uh-huh

Oh, and love is the reason why I stay up all night
Why I'm high as a kite on the breeze
The Indy 500 in a car with no brakes
That is all that it takes to be free, free, free, free, free,
free

Yes, to be free, free, free, free, free, free
