"The Comeback Kid"

Monday's coming, I'll get out of this town
The rumor around say it wants me
I get distracted by the outcome of things
But still it was only expected

And I don't want to argue if it takes til tomorrow
To let me out or let me in
The disillusioned comeback kid is out flying solo
Someone better reel him in, yeah, before it begins

Monday's coming, I'll get out of this town
The rumor around says it hurts me
The newspapers say it's been a marvelous year
But I don't know how that affects me

And I don't want to argue if it takes til tomorrow
To let me out or let me in
The disillusioned comeback kid is out flying solo
Someone better reel him in, yeah, before it begins

No, I don't want to argue if it takes til tomorrow
To let me out or let me in
The disillusioned comeback kid is out flying solo
Someone better reel him in
Guiding him down from a streetlight
Changing all of the bulbs around midnight
Let it all begin, slowly getting closer to the start
Saving everything, time to try to reason with the heart
