Monday morning, and I've got to get up  
Through the motions with my eyes shut  
Day in, day out, it's the same routine  
Slice of toast and a hit of caffeine  
Nine-to-five day, forty hours  
Morning hangovers and cold showers  
My current state: no big deal

That's because I'm asleep at the wheel  
(Wake up, wake up)  
I'm asleep at the wheel  
(Asleep at the wheel)  
Lights are on, no one's home  
We're not gonna make it

Wake up, wake up  
(Lights are on no one's home)  
We're asleep at the wheel  
(We're asleep at the wheel)  
Lights are on, no one's home  
We're not gonna make it

A day goes past, then a week  
Somedays we don't even speak  
Communication breakdown again  
But I still remember when  
you knew just what I was thinking  
before all the fighting and drinking  
It seems we've just forgotten to feel

That's because we're asleep at the wheel  
(Wake up, wake up)  
We're asleep at the wheel  
(We're asleep at the wheel)  
Lights are on, no one's home  
We're not gonna make it

Wake up, wake up  
(Lights are on, no one's home)  
We're asleep at the wheel  
(We're asleep at the wheel)

Lights are on, no one's home  
We're not gonna make it

Wake up, wake up  
(Wake up, wake up)  
We're asleep at the wheel  
(We're asleep at the wheel)  
Lights are on, no one's home  
We're not gonna make it

Wakey-fucking-wakey  
Hands off, matey  
(Hope it's to scare me)  
We're asleep at the wheel  
We're not gonna make it

Wake up, wake up  
We're asleep at the wheel  
(We're asleep at the wheel)  
Lights are on, no one's home  
We're not gonna make it

Slow down, slow down  
(Slow down, slow down)  
We're asleep at the wheel  
(We're asleep at the wheel)  
All the power in going home  
We're not gonna make it
