Get you off by Pornorama
Messing, a mess in my mind.
Fed up, fed up with lines...
Couldn't, I couldn't get ready again
This one I'll be there with a grin

I'm gonna get you off,
Well I'm gonna get down
Well I ain't good, in your face:
'I'm gonna get you off'

Stretching, stretching divines
Fainting, fainting on ice
Well it's the old darn Chemistry,
The things you want and you will be
A girl full of reaction loaded with satisfaction.
The way it is the best it'll be,
Oh baby can't you see that I,
I'm gonna get you off

I'm gonna get you off,
Well I'm gonna get down
Well I ain't good, in your face:
'I'm gonna get you off'
I said ah

It's like showing off: you never know when you gonna
come down

I'm gonna get you off,
Well I'm gonna get down
Well I ain't good, in your face:
'I'm gonna get you off'
