So you the chicks that the chickens be chripping about

If everytime you talk
It's me you speak of
Cupid hit you hard
Cuz girl you in Love

(4x)You in Love With Me Girl
(4x)You in Love With Me

Caramel Skin inside my skin tight jeans
Legs are bad so my walk is mean
Haters is mad so wen they sweat they steam
But they dig my silhouette so they eyes is on me
Yea I'm the chick that the chickens be chirpin about
I'm like the herps they can't get me up out they mouths
I'm on fire but the fire hydrants are out
What that means is only God can put me out
If you a hater and you always be running ya mouth
I wish you safety on your annual flight to the south
We in the club and I see that you checkin me out
You and your friends in a group just whispering about
You see that girl yea her she think she fly
Don't look girl view from the side of your eye
I hear you bitches talkin shit I stay on your mind
Occupy your mouth with a dick and get off of mine

If everytime you talk
It's me you speak of
Cupid hit you hard
Cuz girl you in Love

Is that a glitch in my glasses nah just a hater
Nah nah nah nah nah nah bet I see you later
She said she aint a fan the bitch is a faker
On the road to stardom off the bus with a laker
Mami really tripping cheap wine sippin
Calling every station tryin get a ticket

Backstage passes and you aint tryin visit
Groupie love chasin and you aint tryin kiss it
It's whatever you a bird forever what you do good at
You know I do it better
A bird talks pigeon yall dig in what yall dig in
Snap 3x that's for all the gutter bitches
Stuck behind the rope trying get in
\$20 heels peanut and her friends
Drive a hondai late on every damn payment
Says Porsha and Mercedes after every damn statement

If everytime you talk
